

# MegaRewards

## Free airtime, SMSes and data for your employees

Momentum is excited to launch a rewards benefit aimed at encouraging employees from participating employer groups\* to know and, if required, improve their health status.

Employees on the Base benefit will receive R50 airtime and 50 SMSes per month on sign-up. Employers can also incentivise lower absenteeism by choosing to participate in the Advanced benefit. This increases the R50 monthly airtime to R100 per month when absenteeism targets are met or exceeded.

Based on the outcome of their Healthy Heart Score, members will also receive additional data for 12 months following the completion of their health assessment. For completing their health assessment, employees will receive a minimum of 100MB of data once-off. Thereafter, they will receive additional data every month, based on their Healthy Heart Score, for 12 months.

**\*To qualify:** MegaRewards is available to employees on Momentum Health4Me and certain medical scheme options, as long as the employer has at least 50 employees covered by Momentum Health4Me and the respective medical scheme.
